# Fundraising for our Hospital

HOW DOES OUR ENDOWMENT FUND WORK ?

The endowment fund helps to support projects that improve the quality of care and life at the hospital.

The Hospital of Bourg Saint Maurice is part of the endowment fund Fond'Hôp, founded in 2015 at the initiative of the CHMS (Chambéry) and was expanded to **all other public health facilities in the regional hospital group of Savoie-Belley**.

The endowment fund Fond'Hôp is a non-profit organisation **pursuing a general interest objective**. Fond'Hôp is a body with legal personality and under subject to private management rules.

This new philanthropic foundation, unique in the Tarentaise Valley, was built in 2022 in the Hospital of Bourg Saint Maurice. Everyone, whether it is an individual or a company, can express its solidarity and generosity with any kind of financial support. The projects funded seek to **better the quality of care, of service and of life in the Hospital, for its patients, its residents as well as its caregivers and health workers**.

We want to thank our donors who have already lent their support to the Hospital. Your trust is a daily blessing.

## Tax benefits

**For an individual:** 66% of any donation is deductible from the personal income tax (Impôt sur le Revenu des Personnes Physiques-IRPP), to the extent of 20% of the taxable income.

*For example, a donation of 100€ represents a tax reduction of 66€ and therefore only costs you 34€.*

**For companies:** 60 % of any donation is deductible from the company tax (Impôt sur les sociétés-IS) to the extent of 20 000€ (or 5% of the turnover when the amount is larger). The potential surplus can be postponed for the next 5 financial years.

*For example, a donation of 500€ represents a tax reduction of 300€ and only costs you 200€.*

**A bequest** in favour of the Hospital is exempted of inheritance tax. The whole amount is donated to the projects carried out by the Hospital.

## Why donate?

5 GOOD REASONS TO SHOW YOUR SUPPORT

- ▲ Because families and caregivers also need our help and attention.
- ▲ Because the wellbeing at work for our hospital workers needs to be considered.
